Step 4: Se	ewina											
Pick up your stach 1/2 and get ready to sew it down the right hand side. When Unpinnin												
the stack be careful that you do not accidentally turn the block - obviously this could easily												
alter your design. Some quilters will place a pin in the last block to help avoid such an												
error.												
Sew down the right hand side of stack 1/2 with a few chain stitches inbetween each pair.
